Dear AECVP members,

The beginning of this summer is marked by a gradual return to normal life including again some football events. We hope to see you in person at the 9th AECVP Biennial Meeting in Cambridge and if that is still or again not possible, in virtual mode. You have received the outline programme and all information provided by Stephen Preston, the local organiser. Please consider to present the results of your research; for more details go to our website www.aecvp.org. Note also that this biennial meeting is organized in association with the UK Cardiac Pathology Network and the program is coordinated by Kim Suvarna. The final program will be uploaded soon, after the abstract selection and notification. We will keep you informed about the Business meeting.

As you know, we have the vacant Board positions and new elections have been planned. They will take place after our meeting in Cambridge and you will receive soon more information.

AECVP will participate in the 33rd European Society of Pathology meeting held online from 29 to 31 August with a Short course "Cardiac hypertrophy at autopsy: methods of investigation, patterns and grey zones" and a Slide seminar on Endomyocardial biopsy.

Check our website for information on Master Degree in Cardiovascular Pathology organized by Padua University.

Follow also our Twitter account @Associa00047104 and Facebook page:
